**Work History**

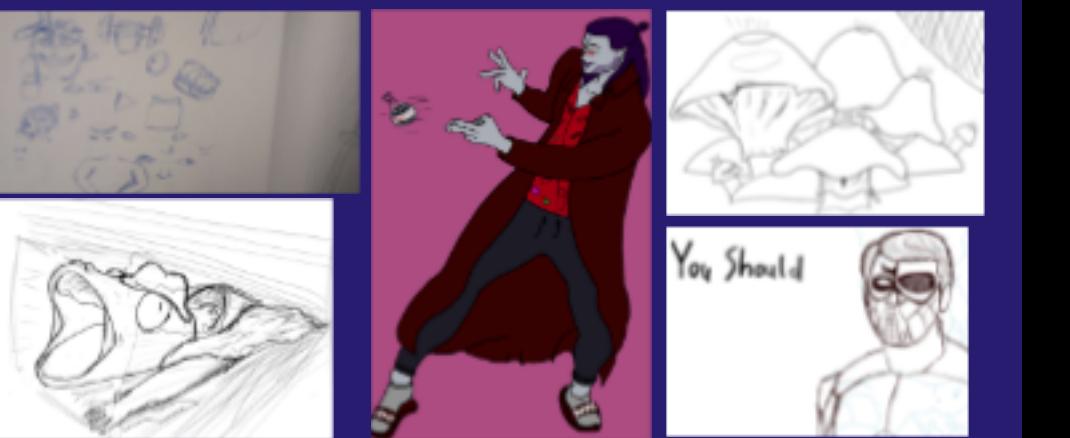

Drill Sergeant of the Bar

Throughout my extensive work history starting at the young age of 16, I have helped family renovate sheds, worked on a factory line and have had a long 2.4 years of hardworking enjoyment as a bartender in the Silken Thomas

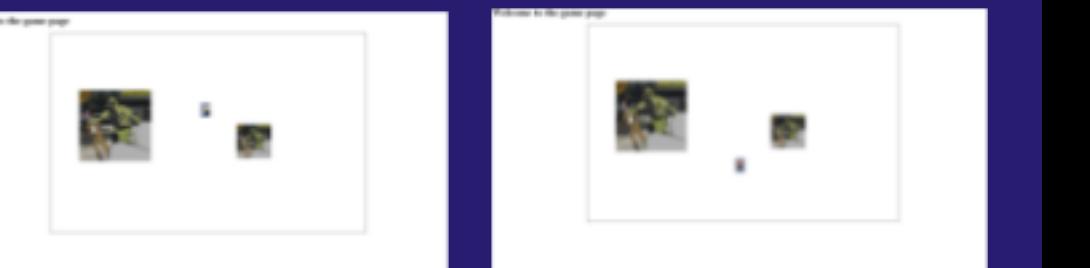

**Passions and Interests**

Artist and Lord of Dungeons

Since the age of 15 I have been zealously attached to the mediums of art and building worlds. I've been running and helping run community events for friends for roughly 4 years now.

**Portfolio**[Art](#)[UI](#)[Other](#)**Art****UI + Web Development****HCI Accessibility Project**

This was a project I did in my first year of IDAD in which I had to pick a website I was familiar with and then find out how accessible the website was through testing and visuals and then placing my findings into html form using links and images and embedding videos.

**Other Projects****UI Design Labs**

These labs were to make progressive games using the canvas tool in html, this is an example of lab 5 where we had to make moving sprites
